Sing for the climate - Songtext

We need wake up
We neen to wise up
We need to open our eyes
And do it now now now
We need to build a better future
And we need to start right now

We're on a planet that has a problem We've got to solve it, get involved And do it now now now We need to build a better future And we need to start right now

Make it greener
Make it cleaner
Make it last, make it fast,
and do it now now now
We need to build a better future
And we need to start right now

No point in waiting
Or hesitating
We must get wise, take no more lies
And do it now now now
We need to build a better future
And we need to start right now
